Mona Robinson

## Administrator of Vocational Services

Don Rulis

## Mission

Our central Illinois organization provides programs and services to adults with disabilities, enriching their quality of life, promoting social change and optimizing their potential for independence.

## Vision

CWTC will lead central Illinois in successful integration of people with disabilities.

Vocational services include developmental training, work skills training, janitorial services, job-seeking and job placement programs.

Residential services range from 24-hour supervised homes to intermittent support in an apartment setting.

Our programming focuses on four areas: *organizational employment, community employment, community integration and community living.* Our accredited services and programs include:

### Community Services

- Community housing
- Community integration
- Supported living

### Employment Services

- Community employment services, job development and employment support
- Employment planning services
- Organizational employment services.

## CWTC CONSUMERS WORK AND LEARN

On a daily basis, work opportunities are provided to over 200 adults with disabilities. These individuals package parts for Caterpillar, Rome Industries and other businesses. Because of these relationships, our consumers are learning work skills, becoming more self-confident and more self-sufficient. The total earnings paid to our consumers last year exceeded one million dollars, and that is money reinvested into our community.
