

We coordinate private flights for patients (children and adults) who need to travel for medical appointments and treatments using our network of volunteer pilots who donate their time, skills and aircraft to fly them. Additionally, we fly missions for humanitarian needs or flights of compassion.

These flights are free of charge to the patients. All patients must be ambulatory, meaning they must be able to get around on their own and access the plane with little or no assistance. All adult patients are allowed to take one companion, and children (18 and under) are allowed to take both parents or guardians. There are no medical personnel on these flights. Patients are responsible for their transportation to and from the airports.

We serve patients who need to travel in the following states: Illinois, Indiana, Iowa, Kentucky, Michigan, Minnesota, Missouri, Ohio, Tennessee and Wisconsin. Flights may also extend beyond the states we serve.

Our flights start at 150 nautical miles, with a maximum of 750 nautical miles, and may reach beyond the states we serve.

We do not limit the number of flights a patient may take. Flight availability is dependent on an available volunteer pilot and the weather. Patients are always encouraged to have a backup plan, should we not be able to fill a flight or weather conditions will not permit the flight.

Volunteer pilots must be 21 year of age or older and must have 250 hours of pilot in command time. Volunteer pilots may choose which flights and how many flights they wish to complete. Volunteer pilots are responsible for any fees pertaining to the actual flight. Flight expenses are tax-deductible.

Please contact our Mission Coordinator at (800) 822-7972, send an email to missions@lifelinedpilots.org or visit our website at lifelinedpilots.org for more information.

Mission

To facilitate free air transportation through volunteer pilots for financially distressed children and adults with medical and humanitarian needs.

Vision

The shortest distance between home and hope.

Upcoming Events

Hope in a Hangar

Date TBD

How to Help

Volunteer as a board member and use your skills and expertise to further our cause. Donate to help a financially distressed patient receive the lifesaving medical care they need. Your donation of any amount will help!

Donate to sponsor a mission at lifelinedpilots.org/donate:

\$300 = 1 mission
 \$1,500 = 5 missions
 \$3,000 = 10 missions
