## Executive Director

Stephanie Johnson

## Medical Director

Channing Petrak, MD

## Case Coordinators

Kristin Lenover, LCSW

Catherine Moore

Amanda Thomison

## Support Staff

Ina Ferguson

Amanda Franklin

Carole Siefken

The Pediatric Resource Center is the only program in the region providing complete head-to-toe examinations in a child-friendly manner by specially-trained and certified medical staff to victims of child maltreatment. We serve children from birth to age 18. Since opening our doors in 1993, we have evaluated more than 7,500 children from 54 counties and nine states. Our staff uses education, distraction and calming techniques to normalize the exam for our patients. In addition to our Peoria office, we have satellite clinics in Bloomington, Galesburg and LaSalle.

## THROUGH THEIR EYES

Visit [go.illinois.edu/PRCImpact](http://go.illinois.edu/PRCImpact) for a short video on the impact PRC has had on one area family.

## KEY SERVICES

- Specialized medical care to victims of child physical abuse, sexual abuse and neglect
- Evaluations by board-certified child abuse pediatricians and an advanced practice nurse (APN)
- Expert testimony
- Child-centered medical social services to children and their families
- Genital exams for concerns not related to abuse

## Mission

By accepting the privilege and responsibility of guaranteeing optimal child health and welfare, the Pediatric Resource Center (PRC) has been established as a child-centered, community-based, multi-disciplinary effort to provide comprehensive prevention, education, research, evaluation and treatment in the areas of sexual abuse, physical abuse and neglect of children.
